

Naturally derived amino acid-nutrient complex that enhances tissue absorption of nutrients, increases mobility throughout the plant, promotes rapid physiological response, minimizes phytotoxicity and environmental impact.

Ease of Use

- Clean and safe to use
- Compatible with other foliar products

Key Benefits

- ✓ Essential for the activation of many enzymes involved in growth and development.
- ✓ Quickly addresses zinc deficiencies, which can cause stunted growth and interveinal chlorosis in young leaves.
- ✓ Supports protein synthesis and overall plant metabolism.
- ✓ Strengthens plant tissues, making them more resistant to diseases and pathogens.
- ✓ Promotes better flowering and fruit set, leading to increased yield and quality.
- ✓ Enhances plant resilience to environmental stresses such as drought, heat, and cold.

Crop Types

Delivery Foliar

Application Rate = 1-10 qt/ac

Planting

Vegetative

Early Growth

Pre Bloom through Fruit Set

Apply as needed according to soil & tissue test recommendations
