

Naturally derived amino acid-nutrient complex that enhances tissue absorption of nutrients, increases mobility throughout the plant, promotes rapid physiological response, minimizes phytotoxicity and environmental impact.

Ease of Use

- Clean and safe to use
- Compatible with other foliar products

Key Benefits

- ✓ Crucial for cell wall development and structural integrity.
- ✓ Supports pollen tube growth and fertilization, leading to improved pollination and seed set.
- ✓ Quickly addresses boron deficiencies, which can cause issues like brittle leaves and poor fruit development.
- ✓ Promotes healthy flower and fruit development.
- ✓ Strengthens plant tissues, making them more resistant to diseases and pathogens.
- ✓ Enhances plant resilience to environmental stresses such as drought, heat, and soil salinity.

Crop Types

Delivery Foliar

Application Rate = 0.5-4 qt/ac

Planting

Vegetative

Early Growth

Pre Bloom through Fruit Set

Apply as needed according to soil & tissue test recommendations
