

Naturally derived amino acid-nutrient complex that enhances tissue absorption of nutrients, increases mobility throughout the plant, promotes rapid physiological response, minimizes phytotoxicity and environmental impact.

Key Benefits

- ✔ Iron is essential for chlorophyll synthesis, leading to greener and healthier plants.
- ✔ Quickly addresses iron deficiencies, which can cause chlorosis or yellowing of leaves.
- ✔ Supports the photosynthesis process, improving energy production.
- ✔ Iron is crucial for various enzymatic and metabolic processes.
- ✔ Leads to better crop yield and improved quality of fruits, vegetables, and other produce.
- ✔ Enhances plant resilience to environmental stresses such as drought, heat, and soil salinity.

Ease of Use

- Clean and safe to use
- Compatible with other foliar products

Crop Types

Delivery Foliar

Application Rate = 0.5-4 pt/ac

Planting

Vegetative

Early Growth

Pre Bloom through Fruit Set

Apply as needed according to soil & tissue test recommendations
