

Naturally derived amino acid-nutrient complex that enhances tissue absorption of nutrients, increases mobility throughout the plant, promotes rapid physiological response, minimizes phytotoxicity and environmental impact.

## Key Benefits

- ✔ Plays a role in the photosynthesis process.
- ✔ Acts as a cofactor for various plant enzymes, aiding in metabolic processes.
- ✔ Strengthens plant cell walls, enhancing resistance to diseases and pathogens.
- ✔ Quickly addresses manganese deficiencies, preventing issues like interveinal chlorosis in younger leaves.
- ✔ Improves the efficiency of other nutrients, particularly nitrogen and iron.
- ✔ Helps plants cope with environmental stresses such as drought, heat, and soil toxicity.

## Ease of Use

- Clean and safe to use
- Compatible with other foliar products

## Crop Types

## Delivery Foliar

Application Rate = 1-8 qt/ac

Planting

Vegetative

Early Growth

Pre Bloom through Fruit Set

Apply as needed according to soil & tissue test recommendations
