SECTION VII. Handling and Storage			
HANDLING:	Keep product in a dry location and avoid moisture. To avoid clumping or degradation of product, bags		
	should be handled on a first-in-first-out basis.		
STORAGE TEMPERATURE:	Ambient	STORAGE PRESSURE:	Atmospheric

SECTION VIII. Exposure Controls	/ Personal Protection				
ENGINEERING MEASURES:	Use local exhaust ventilation to keep airborne concentrations of product dust below permissible exposure levels.				
PERSONAL PROTECTION:	respirators should be use	Where airborne concentrations are expected to exceed exposure limits, NIOSH/MSHA certified respirators should be used. Eye goggles and gloves are not required, but may be warranted in excessive contaminate dust conditions.			
OCCUPATIONAL EXPOSURE LIMITS:	Product is treated as a " respirable dust.	Product is treated as a "Nuisance Dust". The OSHA/PEL is 15 mg/m^3 total dust and 5 mg/m^3 respirable dust.			
SECTION IX. Physical and Chemic	al Properties				
APPEARANCE :		The product is a brown, grainy substance that is not flammable, combustible, or explosive under			
BOILING POINT:	N/A	SPECIFIC GRAVITY (H2O =1):	N/A		
VAPOR PRESSURE:	N/A	MELTING POINT :	N/A		
VAPOR DENSITY :	N/A	FLASH POINT :	N/A		
ODOR :	Organic	EVAPORATION RATE:	N/A		
SOLUBILITY IN WATER:	N/A	pH:	N/A		
SECTION X. Stability and Reactivi	ty				
GENERAL:		Product is stable under dry conditions. Incompatible materials and conditions to avoid: Material wil react with metal when wet causing metal fatigue and rust at accelerated rates.			
HAZARDOUS DECOMPOSITION:	None				
SECTION XI. Toxicological Inform	ation				
Formal testing has not been cond		ire information.			
SECTION XII. Ecological Informati	on				
Avoid runoff and spillage. This pr	oduct can create excessively	high nitrate levels in both soil and water			
SECTION XIII. Disposal Considera	tions				
DISPOSAL GUIDANCE:	required, but local author quantities of product are	Small quantities of Product can usually be disposed of at landfill sites. No special disposal treatment i required, but local authorities should be consulted about any specific local requirements. Tonnage quantities of product are not recommended to be sent to landfills. Such product should, if possible, be used for an appropriate application.			
SECTION XIV. Transport Informat	ion				
Not Regulated.					
SECTION XV. Regulatory Informa General fertilizer rules and regula		rding to local government.
