

Rhizo Life™ Regen

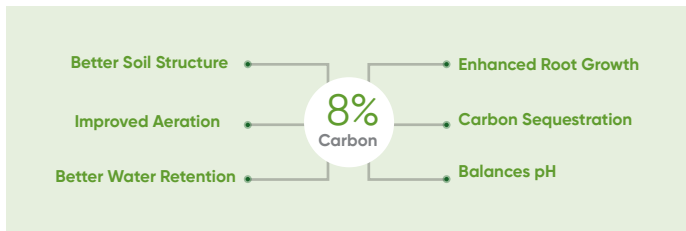

Strategic blend with limestone and rock phosphate to create a calcium rich soil environment where biology can thrive to encourage optimal productivity.

Prepare the Soil For Crop Resilience

Regen uses high quality ingredients from natural mineral sources delivering a healthy dose of calcium and phosphorus.

- 🌱 **Biology loving mineral that enhances microbial activity**
- 🌱 **Calcium that holds in profile for plant and soil needs**
- 🌱 **Proven to increase storability crops**
- 🌱 **Recognized ROI on Alfalfa, Grains, Potatoes, Corn, Tree Crops, Berries and Vegetable Crops**

Nutrient Analysis

30% Calcium

8% Total Carbon

6% Total Phosphate

Trace Minerals: Boron, Cobalt, Copper, Iron, Manganese, Moly, Silica, Zinc

Application

Rate Guidelines

Mineral	Level	Units	lbs of Regen
Calcium	60 - 70	%	200
	50 - 60	%	400
	40 - 50	%	600
Sodium	1 - 4	%	200
	4 - 8	%	400
	> 8	%	600
Potassium	> 6	%	200
	6 - 8	%	300
	> 8	%	400
Magnesium	15 - 20	%	200
	20 - 25	%	400
	> 25	%	600
Sulfate	20 - 60	PPM	200
	60 - 100		400
	> 100		600

Application Rate = 200-600 lbs/acre

Delivery
Broadcast

🌱 **Planting**

🚗 **Post Harvest**

Granulated, Can Be Blended With Any Dry Fertilizer Mix

Yield Advantages On Multiple Crop Types
